Thank you [@MS07](#) for reporting the issue.

I was able to reproduce it and fix it.

I will make this issue visible in 2 months.

MS07 @MS07 · 2 years ago

Great! Meanwhile, can you please submit a security advisory on GitHub so that we can request GitHub to assign a CVE number to the vulnerability. It will not be published until you publish it yourself.

Francois Jacquet @francoisjacquet · 2 years ago

GitLab is a CVE Numbering Authority (CNA). You can report it at GitLab here: [https://gitlab.com/gitlab-org/cves/-/issues/new?issue\[confidential\]=true&issue\[template\]=Manual%20Submission&issue\[title\]=Vulnerability%20Submission](https://gitlab.com/gitlab-org/cves/-/issues/new?issue[confidential]=true&issue[template]=Manual%20Submission&issue[title]=Vulnerability%20Submission)

Thank you.

MS07 @MS07 · 2 years ago

Humm, didn't know. Thank you!

MS07 @MS07 · 2 years ago

Hi [@francoisjacquet](#)! can you please confirm the submission at https://gitlab.com/gitlab-org/cves/-/issues/17#note_359082556 ?

Francois Jacquet @francoisjacquet · 2 years ago

Hello [@MS07](#) . No, I can't access this issue from my account..

MS07 @MS07 · 2 years ago

Thank you for replying [@francoisjacquet](#). In this case, I think they only way to issue a CVE number is by you submitting a new Vulnerability Submission as the maintainer of the project. Can you please do that?

This is what I used for the submission:

```
## Vulnerability Submission

```yaml
reporter:
 name: ""
 email: ""
vulnerability:
 description: "Reflected Cross-Site Scripting vulnerability in Modules.php in RosarioSIS Student Information Sys"
 cwe: "Reflected XSS"
 product:
 gitlab_path: "https://gitlab.com/francoisjacquet/rosariosis"
 vendor: "RosarioSIS"
 name: "RosarioSIS"
 affected_versions:
 - "6.5.1"
 fixed_versions:
 - ">= 6.5.2"
 impact: "6.1: AV/N/AC:L/PR:N/UI:R/S:C/L/I:L/A:N"
 solution: "Upgrade to version 6.5.2"
 credit: "Github.com/MS07"
 references:
```

- "https://gitlab.com/francoisjacquet/rosariosis/-/commit/9cb4fec5fe177f1d3716708b46d1958eac477ebe"  
- "https://gitlab.com/francoisjacquet/rosariosis/-/issues/282" # The issue will be published soon.
