Intigriti November XSS Challenge

MICHELE MARIANI  
NOVEMBER 22, 2021

The bug bounty program Intigriti hosts an XSS challenge every month. This time, the challenge was about bypassing CSP by reloading a VueJS instance, getting...

APPLICATION SECURITY

Intigriti XSS Challenge – December 2021

MICHELE MARIANI  
DECEMBER 27, 2021

The approach to this challenge was completely different from the two months, as the vulnerable component was on the server side, forcing us to approach...
