# hard code password for root

## A860R\_Firmware

version: V4.1.2cu.5182\_B20201027

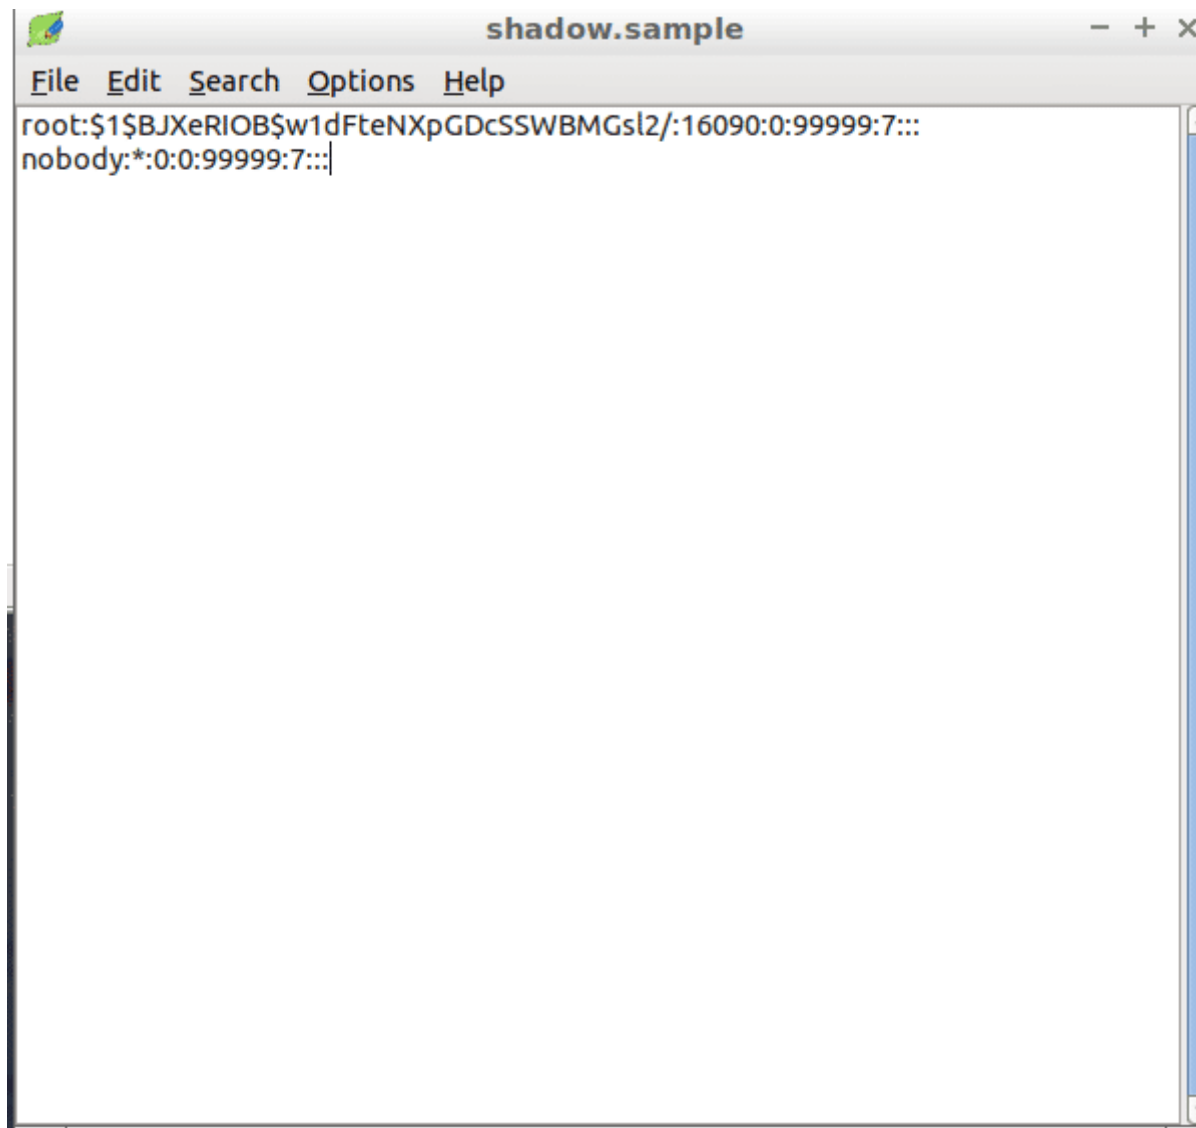

### Description:

There is a hard code password for root in /etc/shadow.sample

### Source:

you may download it from : [http://www.totolink.cn/home/menu/detail?menu\\_listtpl=download&id=62&ids=36](http://www.totolink.cn/home/menu/detail?menu_listtpl=download&id=62&ids=36)

### Analyse:

after decrypt the passwd we got cs2012
