Cross Site Scripting (XSS) in Install #86

Open sinemsahn opened this issue on Oct 7 · 1 comment

sinemsahn commented on Oct 7 • edited ▼

Describe the bug

Cross Site Scripting (XSS) in the username section of the install page.
version: 2.1.0

To Reproduce

Steps to reproduce the behavior:

1. Go to 'CMS Install Page'
2. Insert into a XSS payload in username section
3. And XSS save
4. See error

```
<script>alert(1)</script>
```
