

## Stored XSS viva .ofd file upload in star7th/showdoc

0

Valid

Reported on Mar 14th 2022

### Description

The application allows .ofd files to upload which lead to stored XSS

### Proof of Concept

1.First, open your text file/notepad and paste the below payload and save it as XSS.ofd:

```
<html>
```

```
<script>alert(1337)</script>
```

```
<script>alert(document.domain)</script>
```

```
<script>alert(document.location)</script>
```

```
<script>alert('XSS_by_Samprit Das')</script>
```

```
</html>
```

2.Then go to <https://www.showdoc.com.cn/> and login with your account.

3.After that navigate to file library (<https://www.showdoc.com.cn/attachment/index>)

4.In the File Library page, click the Upload button and choose the XSS.ofd

5.After uploading the file, click on the check button to open that file in a new tab.
