There is xss in the front desk which can get hazards such as administrator cookies #33

⊙ Closed Jayway007 opened this issue on May 26, 2020 · 1 comment

1, Build an environment to simulate users selecting products at the front desk—add to cart—confirm order-pay: http://127.0.0.1:28089/shop-cart/settle

Insert the payload here at the harvest information:
