A security vulnerability exists in EyouCMS V1.5.9 in the backend, Members Center, Editing Membership, and Points Top-up.

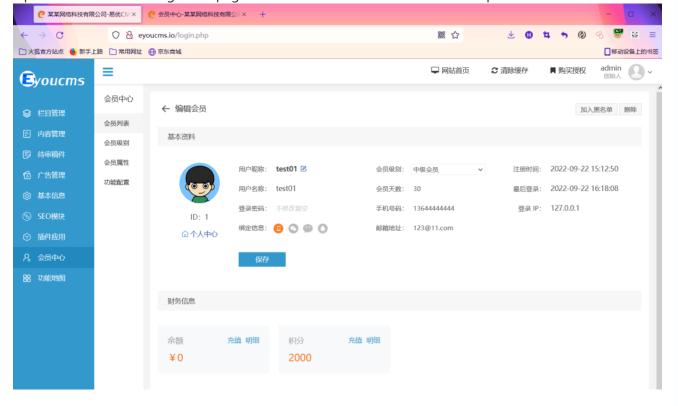

1. Enter the background - > member center - > edit member - > points recharge, as shown in the figure:

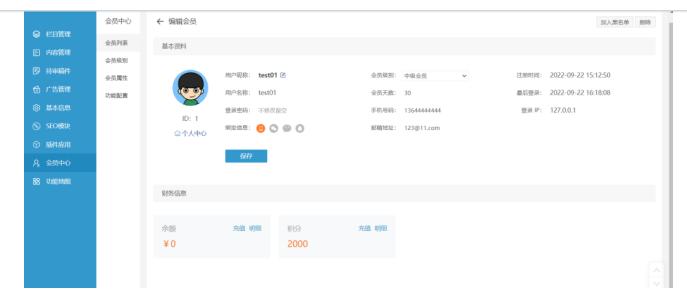

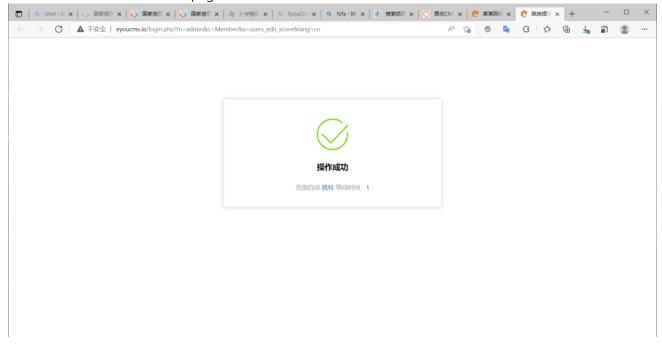

```
<title>OWASP CRSFTester Demonstration</title>
       cbody onload="javascript:fireForms()">
       -<script language="JavaScript">
var pauses = new Array( "86", "82" );
         function pausecomp (millis)
14
15
              var date = new Date();
var curDate = null;

45
46
         </body>
```

3. Open and enter the background page in the browser to view the user test01 points:

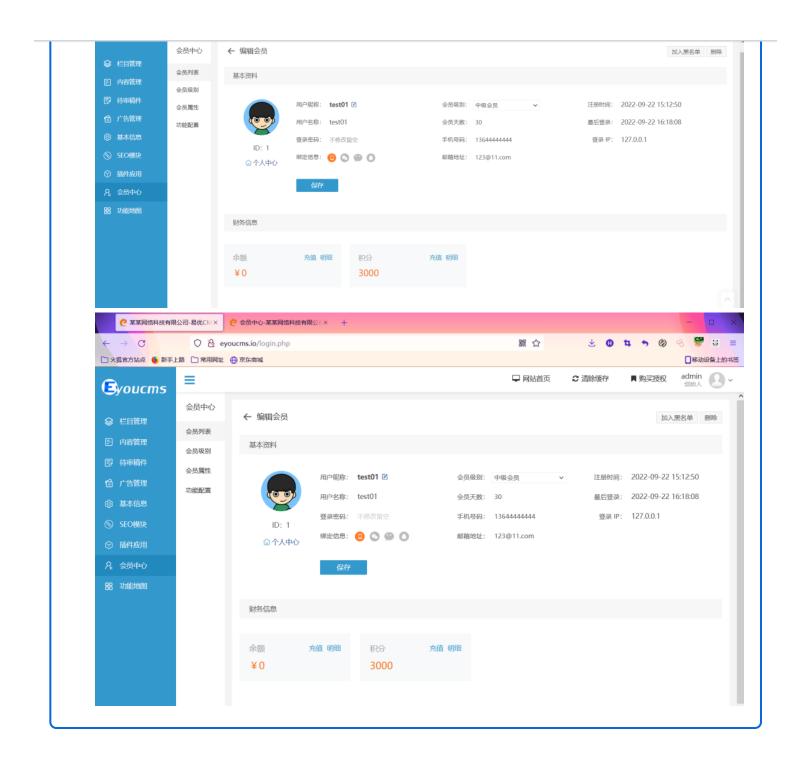

4. Click on the constructed web page:

	变化:○ 増加 ○ 減少 ○ 最终积分
	(中国) (1) (1) (1) (1) (1) (1) (1) (1) (1) (1
操作	备注 : 调输入船注
	取消
	jure above shows the page that automatically jumps after successful execution to check whether
the po	ints have increased:
