Business Logic Errors in publify/publify

2

✔ **Valid** Reported on Feb 3rd 2022

Description

It was found that if a user tries to create an article, and want to make that article private, the functionality is not working.

Proof of Concept

Create an article
Click on publish and you will see the option to visibility to make it private, but functionality is not designed properly.

Impact

This will lead in making every article public which a user does not want to disclose.
