Hi agian

Description :
XSS in module name will prompt in all other pages of X2CRM CE V6.9

Sample Pic:

Payload to use : "><img src=x onerror=prompt('**@darknetguy**');>

Tested on Windows 10 Firefox | Google Chrome // Cent-OS 7 Firefox | Chromium

BR,

Milad Fadavvi

Thank you for the info Milad. We will have this fixed in our next release. I will keep this issue open until we have confirmed that the XSS has been removed.
